

Directions to our house from Malaga Airport

Leave airport heading towards **Malaga**. After 20-30m you should reach a roundabout, go straight over, the Car Rentals depots should be on your left. After crossing the roundabout, move into the **left hand lane**, as the road splits keep left heading towards **Malaga**.

On this road you take the exit for **Antequera**, it is approx. the second exit but it is a big blue sign and well sign posted. You should now be on the **N340 heading east**.

Continue on this road for a few miles until you see the signs for **Cartama**, approx. second exit. This is a smaller sign. This is a difficult and busy junction.

Take the slip road off for **Cartama BUT** keep in the **left hand lane** which bears left as the road splits. Then immediately **move into the right hand lane** looking out for traffic joining from the right.

This lane bears off right with a sign post to **Cartama**, you should go around until you join another dual carriage way, this is the road to Cartama and Campillos. This road takes you out of Malaga, past Cartama and **north up to Campillos** without turning off and takes 30 – 45 mins.

As you approach Campillos you will see the town to your left but don't take the first left turn into the town.

Go on another 200m and **take the second turn** towards **Campillos, Jerez and Cadiz**. This road takes you through the edge of Campillos and straight to **Algodonales**, (45 mins), there is a 24 hour petrol station on the road in Campillos.

Arriving in Algodonales

As you approach Algodonales from Campillos you will go **through a tunnel**, this will be approx 45 mins from leaving Campillos and 20k after passing the village of **Olvera**.

As you exit the tunnel **keep right** towards **Jerez** and **Algodonales**, then move into the **left hand lane** and head towards **Jerez, don't go into Algodonales**.

Continue along this main road until you see a **Repsol Garage**, approx 2km.
Pull into the garage and you will see a track to the right of the garage building running up the hill.

Take this track, at the top of the track is a vague T junction, **follow the road right** past an old spring.

Continue along this road for approx. 3km until the **first set of terraced houses** then shortly after the road splits.

Bare left onto a short upper road and park there or just before on left hand side. You are only 50 meters from the house.

Parking can be limited so try and park here on the right hand side or further back on the main road.

Walk no more than 50 meters up the road and our house is the **first on the right**, door on the left, **No.41b**.

Address

Calle Sierra 41B – The Eagles Nest Algodonales
Cadiz. 11680.
